## PARENT PLUSPORTALS

The Parent Plus web portal connects parents and students with schools and teachers. As a parent, you can quickly stay informed about what's happening at the school and your children's classes—from knowing if the school is closed on a given day to seeing how well your child did on his or her last homework or exam. **Login information was emailed to parents in early August. Usernames and passwords for returning users should remain the same.**

If you have not received your username and password, please email [adambrosio@btschool.org](mailto:adambrosio@btschool.org).

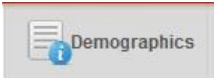

The interactive guides linked below show you how to easily navigate the ParentPlus portal and find all the information you need. They're a fun way to learn how to use the portal. You can actually interact with a simulation of the portal as you're guided on how to use it step by step. To get started, just click below.
